

## **EXECUTIVE ROUNDTABLE OF FAITH-BASED HEALTH AND HUMAN SERVICE ASSOCIATIONS**

The “Executive Roundtable of Faith-Based Health and Human Service Associations” (Roundtable) is a non-incorporated, voluntary, inter-faith network of senior executives of national associations of religiously affiliated health and human service provider organizations. The Roundtable has three primary purposes:

1. To provide a channel for peer support for executives engaged in similar vocations.
2. To share best practices and innovations across the Associations.
3. To provide a forum for Roundtable Associations to discover opportunities for collaboration between two or more Associations around common objectives.

Roundtable gatherings are hosted by a member Association on a rotating basis twice a year. A Chair and Secretary serve rotating terms. Members bear their own expenses.
