

Table 1 – Data Sets Required to Monitor HP2010 Objectives Related to Sexual Orientation

Information System used to Monitor	Agency	Objectives Measured	
		HP2010 Focus Areas	HP2010 Objective Number and Summary
1) National Health Interview Survey	Centers for Disease Control and Prevention	1 – Access to Quality Health Care	1 – Increase the proportion of persons with health insurance. 3 – Increase the proportion of persons appropriately counseled about health behaviors. 4 – Increase the proportion of persons who have a specific source of ongoing care.
		7 – Educational and Community-Based Programs	12 – Increase the proportion of older adults who have participated during the preceding year in at least one organized health promotion activity.
		27 – Tobacco Use	1 – Reduce tobacco use by adults. 5 – Increase smoking cessation attempts by adult smokers.
2) National Household Survey on Drug Abuse	Substance Abuse and Mental Health Services Administration	18 – Mental Health and Mental Disorders	9 – Increase the proportion of adults with mental disorders who receive treatment.
		26 – Substance Abuse	9 – Increase the age and proportion of adolescents who remain alcohol and drug free. 10 – Reduce past-month use of illicit substances. 15 – Reduce the proportion of adolescents who use inhalants. 17 – Increase the proportion of adolescents who perceive great risk associated with substance abuse.
		27 – Tobacco Use	4 – Increase the average age of first use of tobacco products by adolescents and young adults.
3) Youth Risk Behavior Surveillance System	Centers for Disease Control and Prevention	18 – Mental Health and Mental Disorders	2 – Reduce the rate of suicide attempts by adolescents.
		25 – Sexually Transmitted Diseases	11 – Increase the proportion of adolescents who abstain from sexual intercourse or use condoms if currently sexually active.
		27 – Tobacco Use	2 – Reduce tobacco use by adolescents. 7 – Increase tobacco use cessation attempts by adolescent smokers.
4) Monitoring the Future Survey	National Institute on Drug Abuse	26 – Substance Abuse	11 – Reduce the proportion of persons engaging in binge drinking of alcoholic beverages. 16 – Increase the proportion of adolescents who disapprove of substance abuse.
		27 – Tobacco Use	17 – Increase adolescents’ disapproval of smoking.
5) National Crime Victimization Survey	U.S. Department of Justice, Bureau of Justice Statistics	15 – Injury and Violence Prevention	34 – Reduce the rate of physical assault by current or former intimate partners. 35 – Reduce the annual rate of rape or attempted rape. 36 – Reduce sexual assault other than rape.
6) National Survey of Family Growth	Centers for Disease Control and Prevention	9 – Family Planning	11 – Increase the proportion of young adults who have received formal instruction before turning age 18 years on reproductive health issues, including all of the following topics: birth control methods, safer sex to prevent HIV, prevention of sexually transmitted diseases, and abstinence.
		13 – HIV	6 – Increase the proportion of sexually active persons who use condoms.
7) National Health and Nutrition Examination Survey	Centers for Disease Control and Prevention	27 – Tobacco Use	10 – Reduce the proportion of nonsmokers exposed to environmental tobacco smoke
8) National College Health Risk Behavior Survey	Centers for Disease Control and Prevention	7 – Educational and Community-Based Programs	3 – Increase the proportion of college and university students who receive information from their institution on each of the six priority health-risk behavior areas.
9) HIV/AIDS Surveillance System	Centers for Disease Control and Prevention	13 - HIV	1 – Reduce AIDS among adolescents and adults.
10) National Notifiable Disease Surveillance System	Centers for Disease Control and Prevention	14 – Immunizations and Infectious Disease	6 – Reduce Hepatitis A
11) STD Surveillance System	Centers for Disease Control and Prevention	25 – Sexually Transmitted Diseases	3 – Eliminate sustained domestic transmission of primary and secondary syphilis.
12) NIMH Epidemiologic Catchment Area program	National Institutes of Mental Health	18 – Mental Health and Mental Disorders	9 – Increase the proportion of adults with mental disorders who receive treatment.
