

National Educational Fund as a Member in the Campaign for High School Equity

The NALEO Educational Fund is the nation's leading non-partisan organization that empowers Latinos to participate fully in the American political process, from citizenship to public service. Established in 1981, the NALEO Educational Fund is making significant contributions to the progress of the nation's 45.5 million Latinos. As the second largest population group in the United States, the educational attainment of our students is intrinsically connected to our nation's economic vitality and future success.

Goals:

- The NALEO Educational Fund achieves its mission of governance training through integrated strategies that include increasing the effectiveness of Latino policymakers.
- The NALEO Educational Fund's Education Leadership Initiative (NELI) assists the nation's Latino elected and appointed officials with technical assistance, training, and networking opportunities designed to increase their effectiveness as education policymakers and advocates.
- The overarching goal is to provide Latino state legislators and school board members with the enhanced capacity and governance skills they need to become effective advocates for their students, families, and communities.

NALEO Educational Fund & Campaign for High School Equity:

The Campaign for High School Equity (CHSE) is a coalition of leading civil rights organizations representing communities of color that is focused on high school education reform. As a partner, the NALEO Educational Fund supports the following priorities of the CHSE:

- Making All Students Proficient and Prepared for College and Work
- Holding High Schools Accountable for Student Success
- Redesigning the American High School
- Providing students with the excellent leaders and teachers they need to succeed
- Investing communities in student success
- Providing equitable learning conditions for all students

The NALEO Educational Fund's efforts are strictly non-partisan. As such, the NALEO Educational Fund is restricted from conducting any lobbying activities given our 501(c)(3) status. We do not ask members to endorse specific legislation. Instead, the NALEO Educational Fund focuses on providing public officials with the advanced governance skills necessary to enhance their capacity as education champions.
