**Policy Recommendations to the Obama-Biden Presidential Transition Team  
On behalf of the  
American Corn Growers Association  
December 2008**

**Stop Outsourcing of U.S. Factories, Production and Employment**

ACGA recommends policies that promote American interests by requiring full reciprocity, fairness, and transparency in all U.S. trade agreements, including in such areas as labor and environmental standards. ACGA therefore recommends proposals put forth by the Coalition for a Prosperous America (an organization initialized by ACGA) listed below.

- Actions to combat the illegal, mercantilist practice of prolonged currency misalignment, including legislation to make it actionable under U.S. trade law,
- Aggressive enforcement of U.S. laws to halt foreign illegal trade activities such as dumping, subsidies and intellectual property theft. In addition, U.S. policy must ensure that all goods sold here meet U.S. food and product safety standards,
- The elimination of tax disadvantages which undermine the competitiveness of U.S. producers both at home and abroad or which discourage investment in America, and
- A comprehensive strategy to reduce U.S. dependence on imported energy.
